"To be able to write stories about Diana, to add to her mythology and her, well, wonder, is and always has been a privilege. Writing Wonder Woman always feels like coming home." –Greg Rucka

"Wonder Woman has always been profoundly important to me. Since the age of four she's been a constant companion and guiding light. Participating in her ongoing legacy is the highest honor and reward of my life. No kidding." –Nicola Scott

"Wonder Woman is more than a symbol of women's empowerment. She embodies the love, hope, tolerance, and empathy we desperately need in the world today." –Kami Garcia

"I think 12-year-old me would be pretty psyched to know I'm writing a Wonder Woman story. I am lobbying pretty hard to include an invisible plane. Fingers crossed." –Mariko Tamaki

"The chance to work on Wonder Woman is an incredible honor whenever it arises–of all DC's pantheon, and of comics icons, Diana is perhaps the most subversive, challenging, radical and inspiring. A warrior for peace who believes in radical love will always be vital and fresh, and so too she remains as stunning and unique as when she debuted decade upon decades ago. Time has only tempered and honed Diana's appeal." –Steve Orlando

Black Canary's life has spiraled out of control: her personal life is going through the ringer, and her band is in crisis, when an old flame resurfaces only to flicker out and set her on an all-new mission against an all-new opponent. The only thing she can be grateful for is the fact that she's not alone, as Huntress finds herself on a collision course with Black Canary's quarry at Detective Montoya's urging. Meanwhile, Harley Quinn has resurfaced outside of Gotham City and out of the Suicide Squad, with a new lease on life that is sure to make everyone else's life more complicated.

And that's only the first five pages of a high-octane, graphic-novel-length one-shot that pushes the Birds of Prey far beyond their limits and puts them up against the most brutal crime syndicate to ever sweep into Gotham City! Hard-boiled superstar writer Brian Azzarello and the bombshell art team of Emanuela Lupacchino and Ray McCarthy take the Birds into the no-holds-barred world of Black Label, and none of them will ever be the same!

In the gaslit splendor of late 19th-century New York, rage builds inside 14-year-old Daphne. The sudden death of her father has left her alone with her irresponsible, grief-stricken mother–who becomes easy prey for a group of occultists promising to contact her dead husband. While fighting to disentangle her mother from these charlatans, Daphne begins to sense a strange, insidious presence in her own body...an entity with unspeakable appetites. What does "Brother" want? And could she even stop him if she tried?

Writer Laura Marks (TV's *Ray Donovan, The Expanse*, and *The Good Fight*) and horror-art legend Kelley Jones (*The Sandman, Batman: Red Rain*) join forces to unleash spirits from beyond into the Hill House Comics line!

DAPHNE BYRNE UNLEASHES HER RAGE

Interview by Albert Ching

Hill House Comics, DC's horror pop-up curated by Joe Hill, continues in January with *Daphne Byrne* #1, written by comics newcomer Laura Marks (TV's *The Good Fight)* and illustrated by horror legend Kelley Jones, artist of *Batman & Dracula: Red Rain* and *Deadman*. In *Daphne Byrne*, set in 19th century New York City, a rage grows inside the 14-year-old title character–which could bring much-needed revenge following the death of her father. We talked to Marks for more on the series.

The series is called Daphne Byrne, so let's start there: What can you share about the title character and the power growing inside her?

Daphne's 14, so she's in that odd space between childhood and womanhood. She's a lonely misfit grieving for her father, who was the only person who really got her. She has tons of intellectual curiosity, which is completely inappropriate for a girl in 1886.

Most of all, she's longing for connection...which makes her easy prey for the demon who wants to be her new best friend. He unleashes her darker, bloodier impulses, and helps her find the power to express them. But how much of that was really inside her all along?

Horror encompasses many subgenres: how do you describe the horror of Daphne Byrne?

Joe Hill likes to call it "*The Omen* in petticoats." I might go with "Henry James meets *The Exorcist*." But Daphne isn't just our monster, she's also our heroine and the focus of our empathy. Daphne is an active participant–very aware of what's happening to her, and maybe even able to exploit it.

What was intriguing to you about late 19th century New York? How does the setting add to the scares?

I wanted a setting that felt repressive for young girls, to give Daphne something to push against. And I've always wanted to set something in the heyday of the Spiritualist movement. But mostly I just love the look of the late 19th century, and I wanted to see horror and ugliness in that richly textured, beautiful world, amid gaslight and candlelight.

What's it like working with genuine horror comics legend Kelley Jones on the series?

Kelley's a remarkable artist. Seeing his new pages arrive is like Christmas morning. He definitely knows how to create a horrifying spectacle that you can't look away from. But what I love most is the way he renders the emotional life of these characters. He draws Daphne in a way that lets you really connect to her and identify with her, so that the horror cuts even deeper. And this period setting allows him to go nuts with evocative detail.

How have you found the transition from writing for the stage and TV to writing for comics?

The biggest difference is that instead of having actors interpret the writing, I've got Kelley acting in every role. And he's masterful at it–which means that I can trust him to render the subtext on a character's face. TV dramas require an economy of language: you don't have the time and space to let characters yammer on for no reason, everything has to serve the whole. I've found that to be true of comics as well.

And there's great freedom in knowing that Kelley can draw anything I dream up. There's no special effects budget, no location fees...

What does it mean to you for Daphne Byrne to be part of Hill House Comics?

Joe has been incredibly generous with his encouragement and advice, and the whole team at DC has been terrific. I can't imagine a better group to guide a writer who's new to comics.

When his long lost grand-father, who is also a super-assassin called Talon, returned to his life and implanted false memories into his brain, that added another layer. Now, with Talon vanquished, Ric Grayson has to shake loose the truth. Is he the man he has created for himself, or is there still some of the old Nightwing lurking around inside his head? Even if he wanted to, could Ric be Nightwing again when four other people have put on the mask and picked up where he left off? Whichever it is, Talon made a mess of his current life, and now Ric has to start putting it all back together.

KAI CARPENTER

Beyond the edge of creation lies the Black Stair. And beyond it, amidst the void, he waits. Mol Uhltep, the Last God. This is the tale of those who claimed to slay him, and the world they doomed with their lies.

With the wraith of King Tyr and Mol Uhltep hot on her trail, and the Last God's foul curse worsening, Queen Cyanthe must rally her surviving allies within the walls of the Guild Eldritch's newly restored stronghold, the Pinnacle, and convince them to join her on her quest to travel past the edge of creation once more and do what she could not 30 years ago: kill the Last God, Mol Uhltep, once and for all.

In the past we watch as young Tyr and the first fellowship delve into the depths of the very same fortress 30 years earlier, where they uncover a terrible secret guarded by the dead. It will change the course of their lives forever...assuming they can survive.
